ABOUT THE INSTITUTION:

Established in 1999, Aurora’s Research and Technological Institute (Formerly known as Ramappa Engineering College) is one of the premiere Engineering Colleges in the region of Telangana. The college is affiliated to JNTU and is promoted by Tarakarama Educational Society that belongs to Aurora Consortium, Hyderabad.

With a clear vision to be an ideal institution through continual academic excellence and professional way of learning, the college strives hard for overall development of the students with high morale level, required professional and personal skills, discipline and values to make them leaders and get recognition wherever they are, for Nation’s pride.

The college is located in the midst of the city Warangal at Hunter Road in Shayampet Village. It is 4 km away from Warangal railway station and 5 km away from Kazipet railway station.

MESSAGE FROM THE PRINCIPAL

Engineering education has transformed from construction of pyramids to our own Mangal Yaan Mission. Scientific research is always brought into its practical utility to the masses by engineering solutions. Private Engineering Colleges in the country are playing an important role in providing these solutions.

We at Aurora Research & Technology Institute (ARTI) are into national wealth creation by way of producing competent Engineering Graduates and solution providers. Our graduates believe in giving more than what they get, they would like to be the part of answer rather than the part of question. They are fine bunch of individuals who accept responsibilities and deliver. They believe in revival, resurgence and Renascence.

Mrs. Swapna Thouthi,
M.Tech (JNTUH) (PhD)
ECE Department
I consider it to be an honor and opportunity to present to you a group of young, dynamic individuals who have been groomed to face challenges that lie ahead for them in the industry and corporate world as a whole. And the high ideals of the management paving a golden path to young generation especially from rural areas. From the day one, the combined efforts of everyone assisted the placement department.

Thus the students of this organization are occupying enviable positions in various organizations wherever they go they could leave their impact as the brand ambassador of ARTI, Warangal. Through the department with the help of many faculty.

Our teaching pedagogy which includes presentations, case studies, live projects, educational and industrial tours and participation in seminars and conferences, club activities, sports and cultural activities which help towards acquiring skills sought after and needed by organizations. Training and Placement Cell also takes initiative in building relationship with the leading industries in various sectors so that pre employment training can be easily made available to students. We not only work for placing students to various companies but we also ensure their overall growth.

Placement Cell

Mr. Mohammed Ali Shaik
Training & Placement Officer

Facilities for Placement Activities On Campus

The placement office is well equipped and is designed to smoothly handle and support the placement procedure at every stage. Arrangements for interviews, group discussions and pre-placement talks are handled by the staff at the placement office. We are equipped with the following facilities to aid the process:

- Well furnished rooms for interviews and group discussions.
- Fully computerized office.
- Seminar halls to conduct pre-placement talks and tests.
- Student placement volunteers to assist on the day of visit and through the selection process.
- Video conferencing facilities.
For Recruiters (Registration, Why Recruit at ARTI Warangal)

The Training & Placement Cell (TPC) at ARTI Warangal has entered the six batches registered with TPC have duly benefited from Industry different sectors participated in our endeavor and recruited large number of students from our college during these six years. We express students and selecting them. We further wish to nurture this relationship by extending the data base to include M.Tech, MBA, B.Tech and Diploma students. CPC certainly ensures a wider choice in terms of number and quality of students available at a single platform.

The vision of TPC is to provide a continuum of opportunities to the Diploma, Undergraduate and Post graduate students studying various courses of Engineering. The Central Placement Cell seeks the support of all houses and NGO’s in our endeavor to provide suitable placements to our students and help them in their competencies enhancements. And we also endeavor to encourage recruitment of Differently Abled Students and students with weaker economic background.

We participate in Internship Programme for 40 days would be extremely happy if you initiative of the ARTI, Warangal as an esteemed partner where different departments are registered under one umbrella.

Please feel free to contact us by E-mail at tpo.arti@gmail.com

DEPARTMENT PROFILE’S
Department of Electrical & Electronics Engineering (EEE)

Electrical & Electronics Engineering is one of the branch oldest branches from time immemorial. It is one of the fundamental branches of science and technology on which all other modern branches of engineering have evolved from. Electrical and Electronics engineers work in a variety of fields including power sector, machine design, renewable energy sector, biomedical engineering, aerospace industry, communications industry and information technology. The department has Power electronics, Electric Machines-1, Electrical Machines-2, Electrical circuits, Control Systems, & Electrical Measurements Laboratories. Each laboratory is equipped with sophisticated equipments for teaching, learning and research as per the norms of JNTU HYDERABAD. The Department offers three year DIPLOMA, four year B.Tech course in Electrical and Electronics Engineering, Two year M.Tech course in CONTROL SYSTEMS and PSHVE.

The department is established in 2002, has sufficient number of academic and support staff, committed to teaching, and well equipped laboratories, meeting the requirements of diploma, undergraduates, post graduate students. Graduates and postgraduates of Electrical and Electronics Engineering will be able to take up challenging jobs in a wide range of industries and engage themselves in research and development.

MISSION OF THE DEPARTMENT:

The mission of the Department of Electrical and Electronics Engineering is to achieve excellence in teaching, research and professional services in Electrical & Electronics Engineering.

Message from HEAD:

Electrical and Electronics engineering has gained rapid importance in view of ever increasing demand for power. Many public and private sector companies are looking forward to recruit Graduates Electrical Engineer. The field of Electrical and Electronic Engineering encompasses many exciting technologies such as Power electronics, Power systems, Neural Networks & fuzzy logic which have been among the fastest growing and most challenging technologies that enable the development of the modern information-based society.

The Department has qualified & experienced faculty and adequate & well furnished laboratories to cater to the needs of the students as per the university norms & curriculum. The Dept. is responsible for Electrical maintenance of the entire Institution. The Department has fully equipped labs with modern technical software. The department organizes regular seminar expert’s lectures from industry and institutions to mould enthusiastic students in to excellent Engineers, while exposure to the latest technologies fosters the creativity and independent thinking of students.
Career Options:

More than 80% of the EEE undergraduates who graduated from the EEE Department Employment conditions are excellent. There is a great opportunity for employment to the students of EEE come from a huge variety of business categories. For the past few years, nearly half of the graduates found excellent positions in globally well-known electrical/electronic or mechanical manufacturing industries and also in multinational companies.

***Electrical and Electronics Engineers have many types of jobs...***
- Design
- Consulting
- Research and development
- Teaching
- Management
- Computer software development
- Entrepreneur - start your own company

***Electrical and Electronic Engineers can work as...***
- Electronic/ electrical engineers
- Telecommunication engineers
- Biomedical engineers
- Computer engineers
- Software engineers
- Power engineers
- Project managers
- Engineering consultants
The Department of Electronics & Communication Engineering was established in 1999 and has always shared the vision of the institute in striving for excellence in teaching and research activities. Right from its inception, the Department has been laying more emphasis on teaching and research activities in diversified areas there by molding students to be critical thinkers, skilled communicators, and ethical leaders.

Aurora’s research & technological institute (Ramappa Engineering college) was started with an intake of 60 students in the department of E.C.E in the year 1999. The intake was enhanced to 120 in the year 2006, then to 180 in the year 2011 and to 240 in the year 2012. The department started the post graduate courses in the year 2006 with the specialization DSCE (Digital systems and computer electronics) with an intake of 18. Now the department is offering M.Tech courses with specializations of VLSI, DSCE & ES, with an intake of 72 students.

The motto of the department is to produce a future technocrat of Electronics and Communication Engineering. Major concentration is on the design of Electronic Circuits for various applications and to use them in the area of communications. The labs in the department are Electronic Devices and Circuits lab, Pulse and Digital Circuits lab, Logic Design lab, Microprocessors & Integrated Circuits lab, Analog and Digital Communications lab, The Basic Simulation lab with licensed MATLAB Software, and ECAD Lab with licensed Mentor graphics EDA tool, FPGA board.

The Department is enriched with Committed, Research Oriented and Experienced Faculty. Department has 8 faculty members. Associate professors are 6 and Assistant professors are 2. All the faculty are M.Tech and 6 faculties are pursuing their PhD at JNTUH in various specializations like Signal processing, communications and Low power VLSI. More than 10 research papers were published in various national and international journals in the academic year 2014-2015.

ECE Engineering Association (MOSFET) Modern Organization of Student Federation for Electronics and Telecommunications under this the department has conducted various events like ‘v-logic’, ‘battle of bread boards’ and ‘how do they work’ for the students to enhance the logistic thinking and to improve their analysis power.

Department faculty with good knowledge and great values always motivates the students in not only educational purpose but also gives moral values and life teaching skills, which results in success of competitive exams like GATE, & GRE more in number and had a great extent of participation of students in various social services programs like ‘Kutumba samagra survey’ by the Telangana government and swach bharath called by prime minister of India.
The Department of CSE came into existence in the year 1999 with an intake of 60. The present department intake is increased to 120 for B.Tech course. The department is also running two M.Tech courses, CSE with an intake of 72 students and SE with an intake of 18.

The department is headed by V. GOUTHAMI. She has published 1 international journals and presented 2 papers at various international conferences.

The total strength of the faculty is 6 including 2 Associate professors, 4 Assistant Professors.

Laboratories as per AICTE

The Department Labs has around 300 desktops with internet facility with uninterrupted internet access and accessories like shared printers, scanners, LCD Projectors. The department consists of well equipped labs with licensed software. The Department maintains its own Library with 250 textbooks and reference books related to courses.

Papers Published and Workshops Attended by Faculty

- 2 Faculty published papers in 4 international journals.
- 3 Faculty presented 5 international conference papers.
- 4 Faculty attended 12 workshops.

Future Plans of CSE Department

- Improving the relations with Industry and Consultancy.
- Increasing Placements.
- To increase books and journals in Departmental library.
The Department was established in the Year 1999 with an intake of 60 students. The Department intake was increased from 60 to 120 in the year 2005. The Department has following courses.

B.Tech (CSE) with the intake of 240
M.Tech (CSE) with the intake of 72 students
M.Tech (SE) with the intake of 18 students

**Present strength of the students are**

Total strength: 271

Presently the Total strength of faculty is 6 with the following qualification:

M.Tech: 5
M.Tech (Pursuing): 1
LIST OF FACULTY

V. Gouthami M.Tech., HOD
S. Vijay Laxmi M.Tech.,
Md. Ali Shaik M.Tech.,
J. Laxmi Narayana M.Tech.,
Shazia Tazeen (M.Tech)

Department has 5 Computer Science Labs with well furnished equipment and around 300 desktops with internet facility.

All the Staff Rooms of the Department has a desktop with uninterrupted internet access.

Each faculty is assigned with individual responsibilities at the starting of each semester.
DEPARTMENT OF MECHANICAL ENGINEERING

Mechanical Engineering is an old field. Its name derives from the Latin *machina*, which means invention or trick. Today, mechanical engineering denotes a broad field that has to do with the generation and transmission of mechanical energy.

*Man has been making and improving machines of wood and fibre for millennia: metal machinery is still in its clumsy infancy. The simplicity of the sailing-craft and the violin is the simplicity of perfection.*

- Richard Hughes, about sailing, in the introduction to "Venturesome Voyages".

Mechanical engineering department was established in the year 2009 with an intake of 60 students. After two year the intake of students has been enhanced to 120 students. In the year 2013 the department has also started the Diploma course as a second shift with intake of 60 students. The department has laboratory and workshop facilities with modern sophisticated equipment in all relevant areas. The lab and workshop facilities in the department are as under :Material Testing Lab, Applied Mechanical Lab, Fluid Mechanics Lab, Thermal Lab, Metallographic Lab, Hydraulics machines Lab, Heat Engine Lab, CAD CAM Lab etc. The department has well qualified, experienced and committed faculty to provide quality industry tuned education to the students.

The students are molded with multi dimensional skill sets covering all the required graduate attributes. More focus is emphasized on the practical learning, projects and research. The students of the department get into the industry through placement and there is a high inclination towards entrepreneurship and research.

To impart more knowledge in the research area, the department is arranging guest lecturers frequently from prestigious institution like NIT’s and JNTU.

In this academic year the department has taken initiation to form the mechanical engineering students association i.e., Mekhane. This association usually arranges the seminars, guest lectures, workshops, symposia etc for multifaceted development of students. This year Mekhane, the students association has organized events such as General Quiz, Technical Quiz and Debate. The department has also conducted A two day workshop on “Industrial Applications of Manufacturing Technology” for Diploma students.

To meet the current requirements in the market and to provide the knowledge in the area of software packages and to place the students in various companies, this time the department is also arranging the certification course to IV yr and III Yr student of on CATIA and ANSYS.

To impart practical knowledge we organize minimum one Industrial Tour and two Industrial Visits to various heavy industries like Ashok Leyland, VSP, KTPS, NTPC, BHEL etc. for the students for every semester.
Efficient and dynamic are the initial words which strikes the minds of enlightened if they were to give the description of our esteemed civil engineering department. With a brilliant combination of highly qualified, experienced and dedicated faculty members, our students get the privilege to imbibe knowledge to the maximum extent. Established in 2009, civil engineering department started with an intake of 60 students which is now increased of the intake of 120 students to meet the growing demand. Fully equipped and operational laboratories coupled with exceptional guidance gives leading edge to the development process of the students, presently consisting 289 students in total at the under graduate level, the department proudly boasts of 12 committed full time faculty members in collaboration with part time faculty and guest lectures and subject experts from various sub branches of civil engineering.

The mini-projects submitted by our 5th year I semester civil engineering students were studied by various government agencies such as R&B, WMC etc. the suggestions made by the students related to traffic congestion and town planning were duly considered. Two of the main projects which are being implemented presently will be regarded as detailed survey report by irrigation department of Andhra Pradesh. The precision and high quality maintained in the genuine project works done by students under the guidance of faculty members who are expertise in various fields render project reports which are being used in research works and by various government agencies.

The guest lectures and frequent interactions with resource persons from industry give our students an extra benefit in order to improve their skills. Our faculty do not solely lay emphasis on prescribed syllabus and academics, they consistently strive for the all round development of students in various fields of life setting them as best examples of responsible citizens. Our young and dynamic faculty members also take up the responsibility of training the students in sports, cultural and other service related arenas in order to inculcate a sense of harmony and teamwork amongst them.

We are confident that our students under the guidance of honorable faculty of civil engineering department will emerge as winners in whatever challenges they may face in their bright future.

"We shape the future builders"
The Department, which has been an integral part of the College ever since its inception offering instruction in Mathematics, Physics, Chemistry and English to students of the various core branches of engineering, is devoted to foster the understanding of basic scientific principles. The academic programs of this department are designed to meet the requirements of the fast growing technology.

The Department offers several educational programs for undergraduate and postgraduate students. The overriding objectives of these programs are,

- To inform and motivate students to study the fundamental aspects of science and its applications
- To teach Physics, Chemistry, English and Mathematics for U.G. and P.G. programmes
- To enable the students to analyze and apply mathematical and scientific techniques in engineering technology
- To encourage students to pursue careers in science and engineering

**Uniqueness**

First year B.Tech students are introduced to the world of science and engineering through programs that engage them in various activities under the effective guidance of the faculty. The Department of Basic Sciences caters for the analytic requirements of the Diploma, B.Tech and M.Tech students.

While continuing service to other departments, the faculties of the department also make efforts for continuous self-improvement and development as a research department in the field of science and technology.

The Department of Humanities and Applied Sciences has a special mission to foster collaborative, interdisciplinary research in different areas of English, Physics, Chemistry and Mathematics that will address the future needs of the society.

Department is well established with laboratories in English Communication skills labs, Chemistry Labs and Physics Labs. Which are helpful for all diploma, and graduate students?

Interests within the Department range from Discrete Mathematics, Theoretical Computer sciences Graph Theory, and Applicable Analysis in Mathematics to the development of Nanomaterials in Physics and Chemistry. There is a rich variety of problems of vital importance in the development of the science of polymers, biomedical materials, composites and other materials awaiting solution.
